### Lawful Methods for Hunting Turkey

**Wild** turkey may be taken with:

- a shotgun not larger than a ten gauge;
- a long, recurve or compound bow and arrow;
- A rifle or handgun may be used during the fall season except in areas with weapons restrictions limiting their use.

### Unlawful Methods for Hunting Turkey

**Aerial Spotting** –

- It is unlawful for a person to shoot a game bird from an aircraft.
- It is unlawful for a person to use an aircraft for the purpose of concentrating, pursuing, driving, rallying, or stirring up any game bird.
- Aircraft may not be used to locate game birds for the purpose of:
  - Hunting those animals during the same hunting day after a person has been airborne or;
  - Providing information for another person for the purpose of hunting those animals within the same hunting day after being airborne.

**Artificial Light** – It is unlawful for anyone to take or attempt to take any game bird with the aid of projected artificial light. Use of rifle scopes that project an artificial light to illuminate the target or project infra-red light visible only with specialized optics to illuminate the target are unlawful for the taking of game birds.

**Baiting**

- It is unlawful for anyone to hunt or attempt to hunt any game bird by the aid of or with the use of any bait, salt lick, trap, snare or set gun.
- Baiting shall mean the placing, exposing, depositing, distributing, or scattering of food sources or salt so as to constitute a lure or attraction.

**Motorized Vehicles** – It is unlawful for anyone to hunt or attempt to hunt any game bird from any self propelled (motorized) or drawn vehicle. To be lawful, a hunter must have two feet on the ground and his/her body outside of the vehicle. Holders of the Permit To Hunt From A Vehicle are the exception to this.

**Public Roadways** – It is unlawful for anyone to hunt or attempt to hunt any game bird: on, from, or across any public highway or the shoulder, berm, barrow pit or right-of-way of any public highway (the entire width between the boundary lines of every publicly maintained way when any part thereof is open to the use of the public for purposes of vehicular travel).

**Two-way Communication** – Two-way electronic communication (radios, cell phones, text messages, etc.) may not be used to:

- hunt game birds ("Hunt" means to "pursue, shoot, wound, kill, chase, lure, possess or capture"), or
- avoid game checking stations or FWP enforcement personnel, or to facilitate unlawful activity.

The rule does not prohibit the possession or use of two-way communication for safety or other legitimate purposes.

50,000 copies of this public document were published at an estimated cost of \$0.03 per copy, for a total cost of \$1606, which includes \$1606 for printing and \$0 for distribution.

**Night Vision Equipment and Thermal Imaging Equipment -** Enhanced penalties apply for use of night vision equipment to unlawfully take a game bird.

**Recorded Animal Sounds -** It is unlawful to use any recorded or electrically amplified bird or animal calls or imitations of bird or animal calls or sounds to assist in the hunting, taking, killing or capturing of any wildlife except predatory animals, wolves, and those birds not protected by State or Federal law.

### General Regulations

**Check Stations -** All hunters are required by law to stop as directed at all designated check stations on their way to and from hunting areas, even if they have no game to be checked.

**Evidence of Sex -** No person shall transport within the state any turkey taken during the spring (male) season unless one leg and foot are left naturally attached for evidence of sex. The leg and foot shall remain attached at all times while being transported from the place where taken until they have arrived at the permanent residence of the possessor.

**Hunting Hours for Turkey -** Authorized hunting hours for the taking of game birds begin one-half hour before sunrise and end one-half hour after sunset each day of the hunting season. See the official Sunrise-Sunset Tables listed on page 4.

**Wanton Waste -** It is unlawful to waste any part of a game bird suitable for food. Following are turkey parts suitable for food: breasts, thighs and wings.

### Hunter Access

**Private Land Access -** Montana law requires permission for all hunting on private land.

- Even if the land is not posted, hunters must have permission from the land owner, lessee, or their agent before hunting on private property, regardless of whether the land is posted or not.
- Access to public land through private land requires permission of the private land owner, lessee, or their agent. Retrieval of all wildlife through private land requires permission of the private landowner, lessee, or their agent.

**Railroad Access -** Railroads and railroad right-of-ways are **private** property and may not be hunted without permission, nor should they be used as access to other lands (private or public) without explicit permission from the railroad.

**State School Trust Lands -** The Conservation License allows hunters access to all lawfully accessible State School Trust lands. Contact a DNRC office for regulations.

- Overnight (2 night) camping is allowed within 200 feet of a lawful access point.
- Horses may not be kept on state land overnight.
- Game retrieval is by foot or horse only.
- No open fires are allowed except in designated campgrounds.
- Firearms may not be discharged within one-quarter mile of an inhabited dwelling or outbuilding without permission of the inhabitant.
- Additional information is available from FWP or contact DNRC at 406-444-2074.

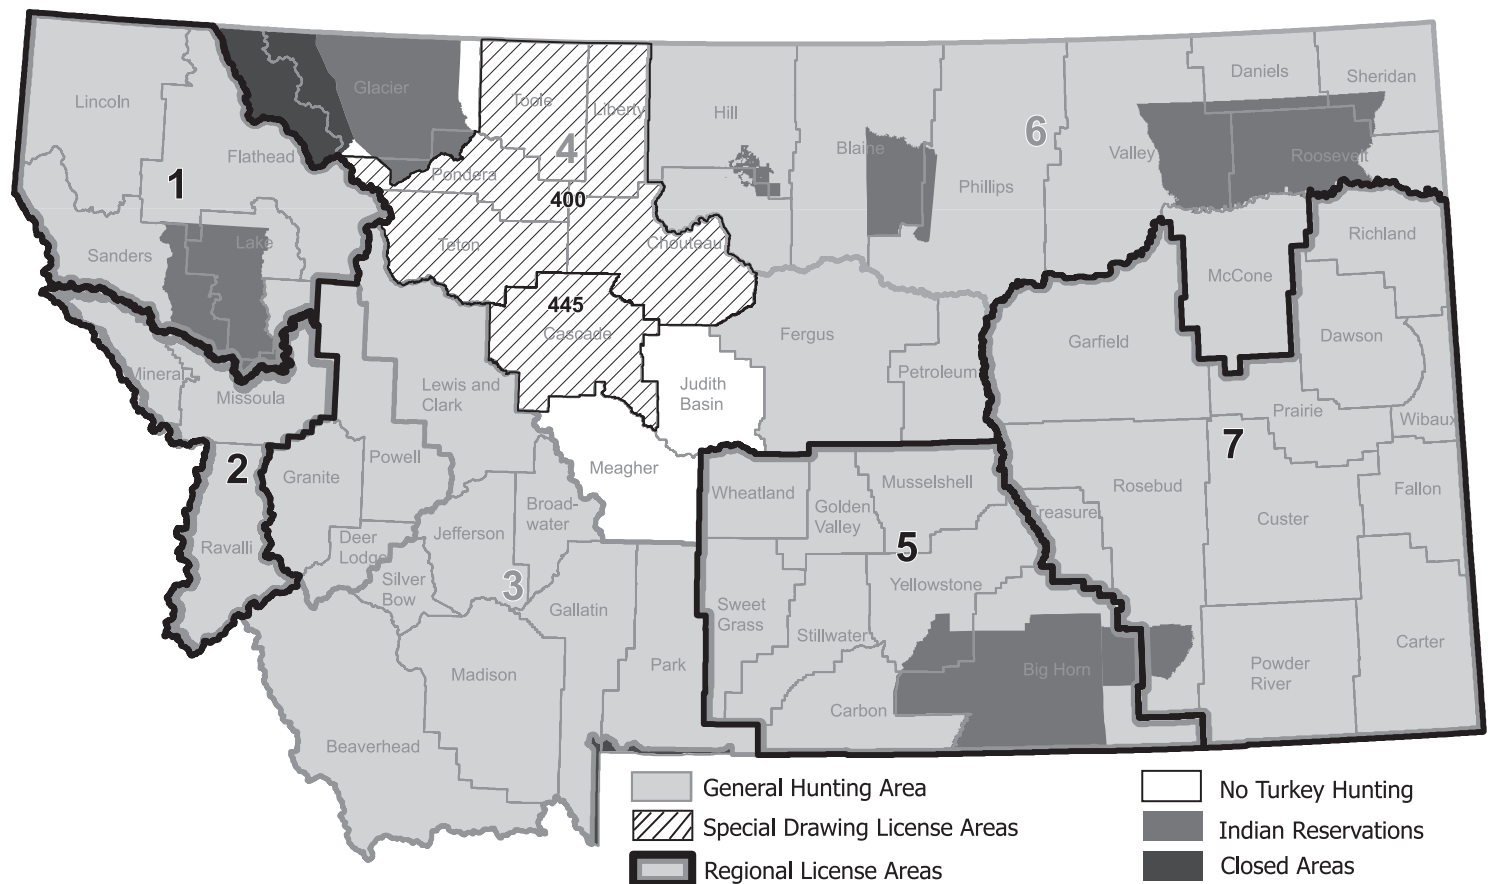

**Tribal Land -** Hunting game birds by non-Tribal members on Indian Reservations is prohibited by the State of Montana unless it is provided for in a cooperative agreement between the Tribal Government and the State of Montana. Check with local Tribal Government before attempting to hunt on an Indian Reservation. Deeded land within the exterior boundary of the Crow Reservation is open to hunting with a State of Montana Turkey License.

### License Validation and Tagging

**Tagging -** Immediately after harvesting a turkey:

- A hunter must cut out the proper month and day of the kill from the appropriate license and attach it to the animal before the carcass is removed from the site of the kill, or before the hunter leaves the site of the kill.
- To properly validate a license (sometimes referred to as a tag):
  - The triangles denoting the month and day the animal was killed must be completely cut out and removed.
  - The properly validated license must remain with the meat (including cold storage) until consumed.

- Select your calling spot in open timber.
- It's a good idea to wear hunter orange when carrying a bird out of the field.
- When songbirds, crows or your turkey shuts up—look out; there's a good chance another hunter is moving in on your bird.
- Never move, wave or make turkey sounds to alert another hunter of your presence; remain still, cough or holler.
